August 3rd Meeting Highlights

Public Works Department

The Public Works Department dedicated a significant amount of time last week toward cleaning up trash and debris from around township roadways. Additionally, over the weekend the inside of a Faircrest Park pavilion was vandalized. The township is working with the Sheriff's Department to identify the vandals that where captured on the park surveillance cameras. If you spot a suspicious vehicle dumping (or vandalism) and can safely collect a license number or identifiable information, please contact the Stark County Sheriff's Department or township office. Together we can help keep our community clean!

The 2021 Paving Program will begin this week in the southern portion of the township and then move to the other areas listed below:
