Road Updates

The Board approved to place the expiring road levy renewal on the November ballot. Approval will result in **NO** additional taxes. Approval will permit Canton Township to continue resurfacing efforts of our 98 miles of roadway, which were ALL in need of resurfacing as soon as the levy passed. Without approval to continue this levy, road resurfacing efforts will stop and very little to NO resurfacing work will be done.

The Board approved an agreement to work in conjunction with the Stark County Engineer's Office to explore funding opportunities for replacement of the Faircrest Street bridge as well as resurfacing township maintained roadways as part of that project.

Yard Waste Updates

The grant funded residential yard waste site reopened a month earlier than the previous year with reduced hours. The current invoices for hauling waste year to date total \$15,600.00 vs. a year to date total of \$8,560.00 this same time last year.
